

### **Log & Siding**

Our highest solids stain and sealer for aged wood siding, hand-hewn logs, or rough-sawn siding. Available in Micro-Tint, Transparent, Semi-Transparent, and Semi-Solid color tones.

### **Log & Siding Smooth**

Stain and seal smooth-milled wood siding or milled logs. Also for use on interior wood beams, log walls, and interior wood trim or doors.

### **Deck & Fence**

Transparent deck and fence sealer that outlasts the major brands. Hard-drying plant oil based coating that is nonflammable and very low in VOCs.

### **Crystal Urethane**

A fast-drying, low-VOC durable interior urethane that doesn't darken wood. Provides a wipeable, easy to clean surface. Comes in Satin, Semi-gloss, or Gloss.

### **Internal Wood Stabilizer**

A colorless nontoxic penetrating sealer that will permanently waterproof wood to greatly extend its life. Safe for projects in contact with food or animals.

### **Internal Concrete Sealer**

A nontoxic permanent waterproofer for concrete. Seal foundations, walls and patios forever without any hazardous ingredients.

### **Clean & Brite**

A non bleach based exterior cleaner that really brightens wood siding, decks, concrete, and masonry surfaces. Clean & Brite is a single step process that won't harm vegetation.

### **Strip & Brite**

Two-step stripper that removes failed oil-based finishes or severe graying and weathering on decks, fences, and siding. Strip & Brite will renew the wood's original color.

### **Masonry Top Sealer**

A clear, low-VOC formula for porous masonry surfaces that repels and resists water 50-100% longer than other similar products.

### **Paver Stain**

Seal and enrich porous concrete patios, pavers, and rock work with clear or transparent colored stain. Provides water repellency and a slight sheen.
